

Score Card

When your round has been completed give your Score Card to a Club Officer (Tom, Dan, or Dennis) who will be seated in the patio area.

Please include the Front 9, Back 9, and Total Sums for each player as they facilitate the scoring verification process.

Adjusted scores are not necessary as they are determined by the software.

Please provide the Officer your card before you place your equipment in your vehicle. This is to allow the Officer to return home without unnecessary wait time.
